

XQ4EZ430

ELECTRONIC ENCODED TUBULAR MOTORS WITH BUILT-IN RADIO RECEIVER

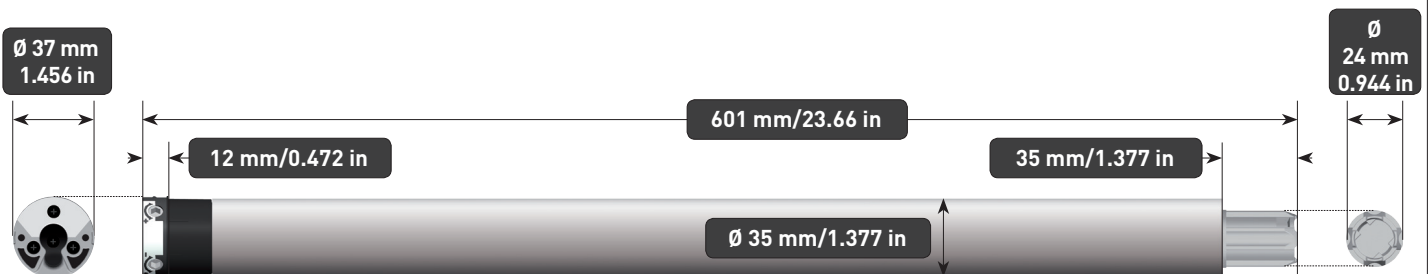

- ▶ Easy and accurate limit setting via transmitter
- ▶ Compatible with all the ranges of Gaposas transmitters
- ▶ Compatible with climatic sensors

Technical details

	Torque (Nm)	Speed (rpm)	Absorption (A)	Limit switch max turns
XQ4EZ430	4	30	0.90	160

Main features

Power Supply	120 V~
Frequency	60 Hz
Standard cable length	2.5 mt/8 ft
Cable	3 conductors
Working temperature	14°F/104°F
Duty rating	45secON/1minOFF
Protection	IP44

Note

- Sound performance improves when motor is under load and within the application assembly.
- To reduce the operational noise level make sure that all parts of the end product are attached to the motor securely with minimum free play
