

Telis 1 Chronis RTS®

Single Channel Zone Control and Programmable Timer

A timer for your customers and more time for you!

The Telis 1 Chronis RTS® combines the functionality of a single channel RTS hand-held control with the convenience of a programmable timer. This new control option is compatible with all Radio Technology Somfy® (RTS®) motorized applications and offers simple programming and easy operation.

- **Quick Set Feature:** Easily program or change the automatic operation of motorized window coverings with a brief button press.
- **Automatic Mode:** Schedule one open and one close function per day with different scheduled operation available for weekends and weekdays.
- **Manual Mode:** Easily operate motorized shades according to user preferences and override the programmed operation at any time.
- **Pre-Programmed:** Default time programmed in the factory. (7:30am ^UP, 8:00pm vDOWN)
- **Hand-held / Wall Mount:** Easy to use hand-held transmitter with available wall mount clip.

Telis 1 Chronis RTS

Wall Mount Clip
